

MIK poultry slat

NEW

Instalaciones de Alta Tecnología

www.sumainternacional.com

The MIK poultry slat combines the following advantages through the special design of the slat surface:

- good manure passage through arched bridges and an open surface
- high load bearing capacity and longevity
- simple and fast assembly
- easy to clean
- comfortable to walk on and reduced possibility of injury due to rounded edges
- avoidance of mite infestation through open style support bearer tabs

Poultry slat

The surface structure is characterized by a self cleaning effect and provides optimal grip for the animals.

Increased feet comfort through rounded openings

Technical Data

	Poultry slat 1000	Poultry slat 1200
